## Beauty spot.com

Do you want to learn techniques that the professionals use to create nails, hair and skin that others envy? Then this is the club for you.

Week by week we will focus on how to care for your skin, hair and nails. We will also do a makeup workshop and some hair accessories and simple jewellery. Learn how to make scented baths bombs and homemade face masks and items to care for your skin.

**Time: Monday 3:00pm- 4:00pm in the Textiles room (Alexander) upstairs in the Technology centre. All welcome.**

Any queries, please speak to Mrs Bissell or Mrs Gelmi.

Ms Grant in Babbage

## Kitchen Garden

Come and be part of the John Wollaston Kitchen Garden.

We will be planting, mulching and picking in the school's vegetable garden. Being part of the food garden at school is a simple and effective way to reduce your impact on the environment.

Some of the activities this year include not only gardening but also:

- Making a cucumber dip.
- Soil sampling and looking at small creatures in the soil using microscopes.
- Creating art out of recycled materials.
- Studying pollination.
- Creating environmental friendly herbicides and pesticides.
- And so much more!!!!

**Meetings** on Monday after school (3:10pm to 4:00pm) at the School's vegie garden next to the Currie class (Science classroom 3).

Mrs LeVaillant

ARE YOU INTERESTED IN BEING A PART  
OF THE  
**JOHN WOLLASTON  
INTERSCHOOL  
EQUESTRIAN TEAM?**

Interschool equestrian events are held for the disciplines of:

- Dressage
- Eventing and Combined Training
- Showjumping
- Showhorse

**NOTE: You must hold an EWA Competitor or Participant membership to be eligible.**

If you are interested in competing in the upcoming State Championships or the Saddles Plus Interschool Junior Series, please contact **Ms Phillips** via SEQTA, or visit the Linnaeus Science classroom for further information.

## Gavel Club

Mondays 3:15pm to 4:15pm with Liam Palmer (Charter Prefect 2018), Mr Palmer (Liam's Dad) and Mrs Galley.

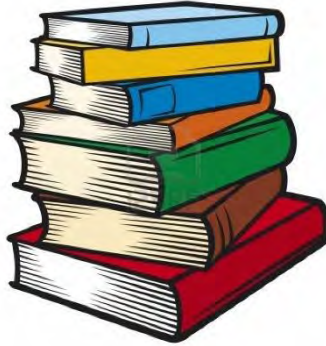

A club aimed at giving students the opportunity to develop their public speaking and leadership skills. Students in this club will present speeches and receive constructive feedback, allowing them to learn the skills required to present a speech and engage their audience.

NOTE: There will be an opportunity to complete a formal qualification and gain membership to the International Gavel Club of WA if you wish. This is **OPTIONAL**.

## Library Study Club

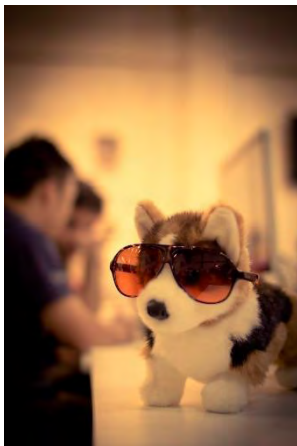

Join me in the LRC between 3:15pm – 4:15pm on  
Wednesday's for help with research or any other homework.  
Looking forward to seeing you there!

# Rowing Club 2019

The JWACS Rowing Club is a great opportunity to try something different, make new friends or further refine your rowing skills developed from the previous year. Rowing Club is open to all students from years 7-12 and will run on Thursday afternoons at Champion Lakes from 3:15pm-5:00pm in Terms 2 and 3. It is strongly recommended that the student's commit to Rowing Club for **all school terms** as rowing skills take time to develop. A minimum of level 6 in swimming is a pre-requisite in order to be eligible for this club.

**Cost:** \$130 per term.

## Inter-House Rowing Regatta

An Inter-House Rowing Regatta will be held in Term 3 on Founders' Day, which is an exciting opportunity for students to compete against other houses for the Rowing Cup! Come on! You will never know how good it is unless you try it!

## Champion Lakes Boating Club

The School is closely affiliated with Champion Lakes Boating Club and are always looking for new members. A Club membership is perhaps an option if your child wishes to race competitively or on weekends/more frequently. If your child is interested in this opportunity, please see Mrs Evans in the Health and Physical Education Department for more details.

# STEM Club

(Science, technology,  
engineering and math)

**Thursday Afternoons 3:15pm-4:15pm**

**Mr Fox**

**Science 1 (Newton Room)**

**Available to Students in Year's 7 to 9.**

**Do you want to make, test and race solar powered cars?**

**Do You want to make and fly model rockets?**

**How about cool science experiments?**

**Yes?**

**Then join the STEM club!**

In STEM Club we will use kits provided by Synergy to design and produce solar cars in preparation for the Synergy Schools Solar Challenge.

If this sounds like you, then roll up your sleeves and prepare to get working – the STEM club wants you.
